Subject: Visit of your students to Global Investors Summit (GIS-2023)

Sir,

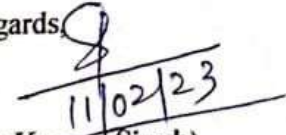

As you are aware that Global Investors Summit (UPGIS) 2023 is being organized by the Government of Uttar Pradesh from 10-12 February 2023. The UPGIS 2023 is the flagship investment summit of the Government of Uttar Pradesh and is a platform for policy makers, corporate leaders, business delegations, academia, think-tank and political and government leadership from across the globe to explore business opportunities and forge partnerships. The summit aligns with the vision of the Hon'ble Prime Minister of India, to make our country a USD 5 trillion economy, and the Government of Uttar Pradesh has set an aspiration target of making the state a USD 1 trillion economy in the next five years. This Global Trade Show has come out very well and matches international standards.

The Technical Education Ministry has instructed its departments to ask their students for visiting the Global Investors Summit. The Global Investors summit has been made open for the public from 13-14 February 2023. Therefore, it is highly desirable that the students from your college MUST visit the UPGIS-2023 and should get the maximum benefit out of this exposure. The institutions need to make suitable arrangements for this visit on their own. This visit would benefit them greatly from attending the summit and learning about the latest developments and trends in the field of technology, entrepreneurship and innovation.

You are requested to nominate any person who will coordinate the visit of your institute to GIS. Please note that all the necessary arrangements shall be made by the institutions themselves. Please fill the details on the following Google Link latest by 2:00 PM on 12.02.2023.
